

ESROM BASAZINAW

Full Stack & Mobile Developer

Addis Ababa, Ethiopia

12yemom@gmail.com | +251 934046279 | github.com/yemom | linkedin.com/in/esrom-basazinew-65102a339

PROFILE

Versatile and detail-oriented Software Engineer with practical experience designing and developing scalable digital solutions across web and mobile platforms. Proficient in JavaScript, Node.js, React, Next.js, and Flutter, with strong capability in integrating cloud-based services such as Firebase. Known for crafting efficient system architectures, building clean and responsive interfaces, and ensuring smooth end-to-end functionality. Dedicated to delivering reliable, high-performance applications through strong problem-solving skills, clear communication, and effective collaboration within dynamic engineering environments.

EDUCATION

Bachelor of Science in Software Engineering (2022 – Present)

Addis Ababa Institute of Technology (AAiT)

Relevant Coursework: Web Development, Data Structures, Operating Systems, Artificial Intelligence, Mobile App Development.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), TypeScript, Dart, Python, HTML5, CSS3
- Frameworks: Node.js, Express.js, React, Next.js, Flutter
- Databases: Firebase, MongoDB, SQLite
- Tools: Git/GitHub, Docker, AWS basics, CI/CD
- Concepts: RESTful APIs, Responsive Design, Agile Development

WORK EXPERIENCE

Studio 21 Architects Web App (React + Vite + Node.js + MongoDB)

- Built a modern, responsive full-stack web app for Studio 21 Architects to showcase portfolio, services, and studio culture.
- Portfolio-first design with immersive image & video galleries.
- Clean service pages with intuitive layouts.
- Smooth UI animations & micro-interactions using Framer Motion.
- Secure admin dashboard with JWT-based authentication.
- Super-admin controls for admin approval/removal and content moderation.
- Scalable MongoDB models for projects, media, and users.
- Optimized performance and responsive design (React + Vite, code splitting).
- Tech Stack: React (Vite), Tailwind-style utilities, Node.js/Express, MongoDB/Mongoose, JWT,

bcrypt, Framer Motion.

NeuroParent Mobile App (Flutter + Firebase)

- Built a multi-screen parenting tips and event management app.
- Implemented responsive UI from Figma designs with category filters and search.
- Integrated Firebase authentication and real-time database.

AAiT School Exam App (Flutter + Firebase)

- Created a secure mobile platform for students to take exams.
- Implemented Firebase login, dashboard, and real-time results.

Quiz Game with Firebase Integration (Flutter)

- Developed a multiplayer quiz app with leaderboard features.
- Used Firebase for authentication, database, and analytics.

Personal Portfolio Website (React + Tailwind)

- Developed a responsive portfolio site showcasing skills, projects, and contact info.
- Deployed on Vercel with CI/CD integration.

Email Spam Classifier (ML Web App) (Python + Flask)

- Created an end-to-end spam classification pipeline.
- Implemented model training, evaluation, and a responsive web UI for predictions.

EXPERIENCE

Social Media Manager – Lomi Pictures (Jul 2024 – Present)

- Managed digital campaigns promoting a summer bootcamp.
- Created schedules and strategies to increase audience engagement.

Freelance Web & Mobile Developer (2023 – Present)

- Designed and developed websites and mobile apps for clients.
- Delivered clean, maintainable code under tight deadlines.

ADDITIONAL INFORMATION

- Multilingual professional with strong communication abilities in Amharic (native) and English (fluent).
- Certified in Responsive Web Design and JavaScript Algorithms & Data Structures, demonstrating continuous commitment to technical growth.
- Actively engaged in the AAiT Software Development Club, contributing to collaborative projects and community-driven innovation.
- Highly adaptable, fast-learning, and motivated to expand expertise in building scalable digital solutions and driving impactful technical outcomes.

CERTIFICATES

- - Intermediate React, v6 – Frontend Masters
- - Complete Intro to React, v9 – Frontend Masters
- - Angular 17 Fundamentals – Frontend Masters
- - Introduction to Kotlin and Android Development – Frontend Masters
- - Complete Intro to Web Development, v3 – Frontend Masters
- - Cross-Platform Mobile Apps with Flutter – Frontend Masters
